

St Peter's

Provisional National Published Data 2025

Below is a breakdown of our published data sets. We are incredibly proud of our children, staff and parents for another successful year at St Peter's. Below are our unvalidated data that will be published. The data is unvalidated as it will need to be checked by the Department for Education. We are not expecting this to alter any of our scores. We are sending this data now, as per the expectations set by the Department for Education, to inform parents of our school attainment. This will also be published on our website. National data outcomes normally increase by 1% year on year.

KS2 Year 6 SATS 2025

29 pupils	NM	AS+GDS	GDS
Reading	21%	79%	52%
National Reading outcome:	25%	75%	Not released. Last year-28%
Writing	14%	86%	28%
National Writing Outcome:	28%	72%	Not released Last year-15%
Maths	10%	90%	45%
National Mathematics Outcome:	26%	74%	Not released Last year-35%
SPAG	7%	93%	58%
National SPAG Outcome:	27%	73%	Not released Last year-31%
Combined	21%	79%	28%
National Combined:	38%	62%	Not released Last year-8%

NM= not met the standard (below age related)

AS= at the standard (age related)

GDS=working at greater depth in the standard (above age related)

As you can see above, our Year 6 data outcomes are significantly higher than the national average. Well done to all.

One family, aiming high, learning together with God

Multiplication Times Table Check

Mean average score (out of 25%)	% of students who scored 25+24
Us- 20.29	Us- 54%
National- 21.15	National-39.7%

Another year where our time table check results are above national, well done to all.

Phonics Screening Check

Expected standard	Not expected standard
Us-94%	Us-6%
National-80%	National-20%

A huge achievement putting us way above national outcomes, well done to Year 1!

Good Level of Development

At standard	Not at standard
Us-74%	Us-26%
National-69	National-31%

Another good year where our results are above national outcomes, well done.
