Dear Parents and Carers,

We are pleased to let you know that our school is taking part in the Active Lives Children and Young People Survey. This national survey, set up by Sport England, aims to gather valuable information about the sorts of sports and physical activities that children and young people in Years 1 to 11 take part in, both inside and outside school.

The results of the survey help schools and organisations understand how active children are today, so that we can help to develop more opportunities for everyone to enjoy physical activity and sport. By taking part, our school receives feedback that can be used to improve PE and extra-curricular activities for all students.

The survey is completed either in school or at home, and some parents may also be asked to fill in a short questionnaire about their child's activity. The information collected is confidential and used only for research purposes. Your support in encouraging your child to take part and giving honest answers is greatly appreciated.

Thank you for helping us promote an active and healthy lifestyle for all our pupils. If you have any questions or would like more details about the survey, please contact the school.
